MESSAGE FROM THE FOUNDATION LEADERSHIP

CHAIR SANG KIM '88

VICE CHAIR JOAN BINSTOCK SILVERS '71

Dear Fellow Bronx Science Alumni, Parents and Friends,

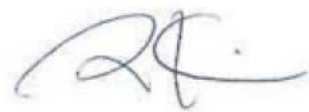

We are delighted to share that The Bronx High School of Science's 85th Anniversary Gala, held on June 1, 2023 at the American Museum of Natural History, was an overwhelming success. The energy and passion for Bronx Science was palpable in the Milstein Hall of Ocean Life, as we celebrated our school's history and the remarkable accomplishments of our students and alumni honorees. Thanks to this community's generosity, the Foundation raised a record-breaking \$5 million last year in honor of our school's 85th anniversary—and we're just getting started!

As we look to our next 85 years, Bronx Science will continue evolving to meet the opportunities and challenges of the present day, while remaining steadfast in its mission to provide students with an exemplary education that prepares them for every type of success. And the Bronx Science Foundation will continue to play a key role in achieving that mission: by providing funding and strategic partnerships to support high-level coursework, extracurriculars, summer programs, capital improvements, student financial aid and more.

Through this Annual Report, we wish to formally express our sincere gratitude for the alumni, parents, and friends who have supported our work and our talented students in the historic 2022-2023 academic year. The dynamic, challenging and inspiring Bronx Science experienced by students today would quite simply not be possible without the generosity of our Foundation donors.

We hope that all alumni, parents and friends will consider joining us in making a gift to Bronx Science this year. It is because of alumni, parents and friends like you that Bronx Science has remained a school of extraordinary excellence for the last 85 years. With our collective support, the future is bright, indeed.

Best,

Sang Kim '88, Chair

Joan Binstock Silvers '71, Vice Chair

ABOUT THE BRONX SCIENCE FOUNDATION

Since its founding in 1938, The Bronx High School of Science has been an extraordinary place to learn. Its dedication to academic excellence and intellectual pursuit remains unrivaled. The school flourishes today because our talented students, faculty, staff and alumni build upon the high standards and precedent set by the generations of graduates that came before them. The illustrious Bronx Science alumni community truly represents one of the most esteemed clubs to which one can belong.

The Bronx Science Foundation is committed to preserving the mission and excellence of Bronx Science. By providing financial resources and strategic guidance, the Foundation works to ensure the highest quality education for students attending Bronx Science, all while fostering lifelong social and professional relationships among the school's alumni.

The Bronx Science Foundation is an independent 501(c)3 organization (Tax ID 13-3763299) led by a volunteer Board of Directors who represent the Bronx Science alumni community and the ideals for which it stands. The Foundation works closely with the principal and school leadership to financially support the school's initiatives. Funds raised through the generosity of alumni, parents and friends support curricular enhancements, improvements to campus facilities, experiential learning programs and more to provide our bright and motivated students with the rich educational opportunities they deserve. The Foundation also leverages its connections to provide students with exclusive and cutting-edge opportunities to expand their horizons.

The Foundation also hosts programs locally, regionally, nationally and internationally to foster connections in the Bronx Science alumni community. Such events include Alumni Reunion Weekend, Alumni Day, social events in different cities, networking programs and student-alumni programs. We encourage all alumni to stay connected with the profoundly inspiring people at Bronx Science by attending events, following us on social media, reading our digital magazine, joining our Atom Link online directory and participating in student-alumni programs.

We believe that Bronx Science cultivates in individual students the intellectual talent and leadership skills that are critical to succeed in today's world. Gifts to the Foundation represent an investment in both our students' futures and the legacy of this great educational institution.

We are grateful to all those who choose to support Bronx Science and our mission with their gifts of time, talent and treasure.

BRONX SCIENCE FOUNDATION

BOARD MEMBERS 2022–2023

The Foundation board is staffed by a group of volunteer alumni who are dedicated to enhancing the educational experience of current and future Bronx Science students.

THE STANLEY MANNE '52 RESEARCH INSTITUTE RIBBON CUTTING

On November 15th, 2022, the Bronx Science community celebrated the opening of the brand new Stanley Manne '52 Research Institute with a ribbon cutting ceremony organized by the Bronx Science Foundation.

Bronx Science broke ground on the Manne Institute on July 21, 2021. After a mere sixteen months of construction, the building was ready to open in November 2022, and the ribbon cutting was held to commemorate this incredible new chapter for Bronx Science and allow benefactors, alumni, students and faculty to see the completed facility for the first time.

The Manne Institute is a state-of-the-art, two floor, 10,000 square foot building full of cutting-edge research equipment that will enable students to pursue university level research. The building includes three primary laboratories where experiments in a variety of scientific fields will be conducted, as well as specialized spaces including a Tissue Culture and Incubation Room, a Confocal Microscopy Room and a Controlled Temperature Room.

Lead donor Stanley Manne '52, who made this remarkable new space possible with the largest gift in New York City public school history, attended the ribbon cutting with his wife, Fern. Notable Bronx Science alumni spoke at the ceremony, including State Senator Jamaal Bailey '00, State Senator John C. Liu '86 and Assemblymember Kenneth Burgos '12.

Mr. Manne's generosity will impact not only Bronx Science's current 2,949 students, but also around 4,000 students from neighboring middle and high schools who will partner with Bronx Science to use the new lab space. As Gicel Adon, the Principal of the International School for Liberal Arts, told the Foundation, "Our students will greatly benefit from the lab, and these are the kinds of resources we need to accelerate authentic learning and advance equity."

The opportunities that the Manne Institute will bring to students at Bronx Science and surrounding schools in the years to come are unparalleled. We are thrilled to begin this exciting new chapter in our school's history.

85TH ANNIVERSARY CELEBRATION

JUNE 1, 2023

On Thursday, June 1, 2023 The Foundation joyfully hosted 550 alumni, parents, teachers, students and friends at the American Museum of Natural History to celebrate the 85th anniversary of the school. Under the big blue whale in the Milstein Hall of Ocean Life, guests raised a glass to 85 years of exceptional education at Bronx Science and applauded the contributions and accomplishments of this extraordinary community.

During the gala program, Principal Rachel Hoyle inducted four alumni - Leonard Lauder '50, Stanley Manne '52, Ronald Lauder '61 and Rose Marie Bravo '69 - into the Principal's Circle, in recognition of their incredible service to Bronx Science. In addition, students presented Atom Awards, which celebrate alumni who have achieved remarkable things within their chosen profession, to six individuals: Daniel Libeskind '65, Wanda Austin '71, George Yancopoulos '75, Jon Favreau '84, Min Jin Lee '86 and Lisa Su '86.

Foundation Chair Sang Kim '88 and Vice Chair Joan Binstock Silvers '71 proudly announced that more than \$5 million has been raised in gifts and pledges this year in honor of the 85th anniversary. Foundation President Eleanor Coufos '99 indicated that "we're just getting started," and provided a sneak peek at what's next for Bronx Science.

YEAR IN REVIEW

JULY 2022–JUNE 2023

JULY–AUGUST 2022

Summer Institutes

The Foundation hosted nine Summer Institutes in 2022. These completely free enrichment programs enable students to explore potential academic and professional fields in a hands-on way and connect students with our passionate and successful alumni as well.

Student Organization (S.O.) Club Fair

The annual Club Fair kicked off the start of the 2022-2023 school year. Incoming freshman and returning students were able to interact with board members from more than 100 clubs, academic teams and activities at Bronx Science.

The Bronx Science Famous Speakers Forum

On Friday, September 30th, 2022, the Bronx Science community had the honor of hosting the Bronx Science Speakers Form with Dr. Jung Pak '92. Dr. Pak is the Deputy Assistant Secretary for Multilateral Affairs and for Global China issues with the U.S. Department of State, as well as the Deputy Special Representative for the Democratic People's Republic of Korea (DPRK). Through the Famous Speakers Forum, Bronx Science has had the honor of hosting distinguished speakers across a wide range of disciplines, varying from Eleanor Roosevelt to Neil deGrasse Tyson '76.

Frosh & Fringe

The S.O. Cabinet invites all freshmen to this opportunity to make new friends, get to better know their Big Sibs, and have fun.

Project Accepted

The Foundation hosted its ninth annual Project Accepted program to prepare the 400+ members of the Class of 2023 for the college admissions process. Alumni conducted more than 800 virtual practice interviews with seniors to help them hone their interview skills and put their best foot forward with admissions officers.

New York City Invitational

Bronx Science hosted the 52nd annual New York City Invitational, also known as "Big Bronx," one of the premier Speech & Debate tournaments in the nation. More than 1,000 competitors from across the country participated in this three day tournament.

Fall College Night

Guest speaker Karen Richardson, the Dean of Admissions at Princeton University, spoke at this event, alongside other college representatives, to share information about the admissions landscape and student life on-campus with Bronx Science juniors and seniors.

Manne Institute Ribbon Cutting Ceremony

Alumni, students, faculty and school and elected officials celebrated the completion of the Stanley Manne '52 Research Institute on November 15, 2022. (Read more on page 12.)

Fall Play

The school's theater company - the Atomic Theatre Company - presented She Kills Monsters, a play about a teenage girl who discovers more about her recently passed sister through a Dungeons and Dragons campaign.

Homecoming

Hundreds of members of the Class of 2022 returned to the Bronx Science to visit with old friends and teachers and enjoy activities on campus.

Winter Concert

Once again this school-wide musical production showcased the many talents of the 130 students who perform in our chorus, orchestra, jazz and concert bands.

Regeneron Science Talent Search

Six Bronx Science senior research students were named Regeneron Science Talent Search 2023 Scholars: Elif Camila Kulahlioglu, Julianne Lee, Xin Qi Liu, Kiele Morgan, Vera Pankevich, and Roni Shaham, all Class of 2023. Bronx Science tied for the second most semifinalists out of any high school in the country.

Black Student - Alumni Reception with Hall of Famer Majora Carter '84 and Senator Jamaal Bailey '00

Black students and alumni connected at the Boogie Down Grind Cafe over food, drink and shared memories to celebrate the role of the Black community at Bronx Science and beyond during Black History Month. Senator Jamaal Bailey '00 also came to school to speak with students about Black History Month and to speak to classes about civic engagement.

Bronx Science in Israel

Foundation staff celebrated Bronx Science's 85th anniversary with alumni and friends in Israel, which boasts the largest population of Bronx Science alumni outside of the United States.

Girls Indoor Track Team Crowned City Champs!

Our girls' indoor track team had an incredible performance at the 2023 Indoor Track City Championships on February 18th and brought home the city title for Bronx Science.

9th Annual AtomHacks IX

Bronx Science hosted more than 118 students - the most in event history! - for a Hackathon, an event designed to give alumni and students the opportunity to collaborate with one another and leverage their creative and programming skills to develop innovative ideas.

Science Olympiad at State Tournament

The Bronx Science Science Olympiad team placed 13th out of 60 of New York's top teams, garnering a total of 12 individual medals across 6 events.

NYC Regionals Robotics Competition

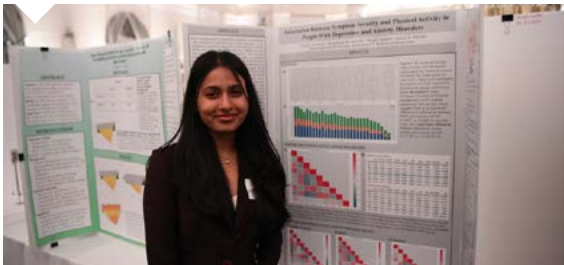

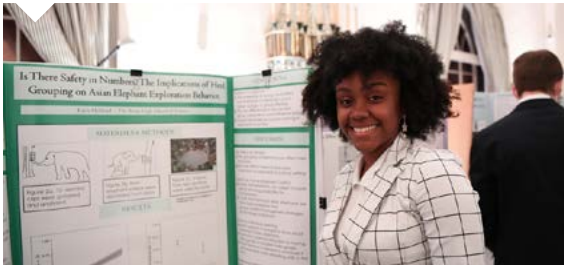

The FeMaidens placed third overall in the 2023 New York City Regional and won the team spirit award. The Sciborgs also competed at the NYC Regional, where Asa Paparo '24 was a Dean's List Finalist.

Bronx Science in California

Alumni in Los Angeles and San Francisco, respectively, came together to celebrate Bronx Science's 85th anniversary and connect with local friends.

Science Research Celebration

The Foundation hosted our Science Research Celebration once again to honor seniors for their extraordinary work in the three year research program. Students shared their research with alumni and their families and reconnected with and thanked their mentors. Dr. Ayanna Thomas '92, Professor of Psychology and Dean of Research for Arts and Sciences at Tufts University, kindly served as the keynote speaker.

Bronx Science in London

London-based alumni raised a glass to Bronx Science's 85th anniversary.

Spring Musical Production "Rent"

The drama department performed the musical *Rent*, while the student-led club S!NG performed their original production of *Backfire*, the culmination of an almost year-long effort that began with months of script and songwriting by students.

Girls' Varsity Fencing and Girls' Track & Field Teams Clinch Titles

The Girls' Varsity Fencing team dominated the Spring 2023 season, claiming the title of the PSAL City Championships for both Foil and Epee on May 20th, 2023 for the second consecutive year. On May 28th, the Girls Track & Field team added the title of Outdoor Track & Field City Champions to their already highly decorated season!

Speech & Debate Season Concludes with Continued Winning Streak

The Speech & Debate team is ranked number 1 in the entire country. Students compete in more than 50 tournaments annually across five different events. This year, 89 students qualified for the 2023 New York State Tournament, 31 students qualified for the 2023 Tournament of Champions, and 16 students qualified for the 2023 Catholic National Championship. The Congressional Debate and Novice Lincoln-Douglas Debate squads both became State Champions, and the season concluded with the Bronx Science Congressional Debate Team winning the national championship at the CFL Grands.

85th Anniversary Gala June 1, 2023

550 alumni, students, parents, faculty and friends came together to celebrate 85 years of excellence at Bronx Science. (read more on page 14)

Alumni Reunion Weekend June 3, 2023

Bronx Science celebrated milestone reunions for the Classes of 1948, 1953, 1958, 1963, 1973, 1978, 1983, 1988, 1993, 1998, 2001, 2003, 2013 and 2018. Thousands of Bronx Science alumni reconnected across the city with classmates and friends!

Alumni Day & Inaugural Alumni Medal of Honor June 4, 2023

Bronx Science welcomed alumni back to campus for Alumni Day and presented George Lazarus '63 with the Inaugural Alumni Medal of Honor for his achievements in the field of medicine. The Alumni Medal of Honor was established this year in honor of the school's 85th Anniversary and recognizes alumni who have left an indelible mark on the world through their distinguished careers. Alumni visited classrooms, met students, participated in hands-on activities like current events discussions, math problems, science challenges and more. We were also honored to hear from this year's Meister Lecturers: Norman Hirschhorn '55, Ian Weinstein '77 and Hayley Altman Gans '83.

95th Bronx Science Commencement June 23, 2023

The achievements of the Class of 2023 were celebrated at Bronx Science's 95th Commencement Ceremony. Keynote speaker and Bronx Science Hall of Famer Millard "Mickey" Drexler '62 provided our graduates with inspiring words as they officially joined the alumni community. Ambassador Linda Thomas-Greenfield, the U.S. Representative to the United Nations, also made special remarks to graduates and families.

LEADERSHIP DONOR SOCIETIES

THE BRONX SCIENCE FOUNDATION IS DEEPLY GRATEFUL TO MEMBERS OF OUR GIVING SOCIETIES, ALL OF WHOM HAVE COMMITTED SIGNIFICANT GIFTS TO SUPPORT THE PRESENT AND FUTURE SUCCESS OF OUR SCHOOL COMMUNITY.

Atomic 100

The Atomic 100 is the Bronx Science Foundation's most prestigious giving society. Atomic 100 donors have generously committed a total of \$100,000 or more to support Bronx Science people and programs. Atomic 100 members are honored with a personalized element on our Periodic Table of Donors, which can be found near the main lobby of school.
